Says the sweet young thing down the street: "Getting a past is like learning to swim; all you have to do is relax."

TWO NEW VARIETIES

Crescent City - by N. C. "Tex" L'Argent

Loose semi-double, six to eight inches; one day flower with firm texture petals with a satiny sheen; White overall color; pure white throat; very pale shell and lavender tints in fringe of lower petals showing up more prominently on underside; Stigma pads dark red. Plant is own root, has ovate leaf, upright, vigorous grower and does well in sun.

Edna Wells - by N. C. "Tex" L'Argent

Single, five to six inches; one day flower with medium texture petals of a Golden-Apricot color, the golden tint more prominent underneath; petals slightly veined and slightly overlapped; throat shading from white to deep pink; dark red stigma pads. Plant is own root, has cordate leaf, is low branching good grower and does well in sun.
